McPhillamys Gold Project  
Application number SSD-9505

Support/object: (please provide your statement below)

I support the mine going ahead. Our family own a small business in Blayney and the extra business the mine will bring to our town will be a major benefit.

As a teenager in this community I would love to see Blayney advance.

Reason:

I have/have not made any political donations in the last two years. (If yes please disclose)
