SUPPORT

Reason:

I have lived in the Blayney Shire my entire life and I feel the project will provide a lot of local people with means of employment which can be very hard to find in the Blayney Shire it will also provide great training opportunities for young people leaving school. It will also help out local businesses and give Blayney a chance to grow into a big and better town. I feel the pipeline is also a great piece of infrastructure which will be able to be utilised well after the mines life and could provide support in drought for local areas in the future. The pipeline also means the project is not using local water supplies. I feel Regis will also continue to be a great supporter of the Blayney Shire as it already provides sponsorship for local sporting teams and community events and will continue to do so in the future.

Bring it on I say.

I have/have not made any political donations in the last two years. (If yes please disclose)
