Sydney NSW 2001

Name: Mr Ken McRae

Address: 593 Carcoar dam rd Carcoar P.O. Box 182 Blayney

Please withhold my name: ~~Yes~~/no

McPhillamys Gold Project
Application number SSD-9505

~~Support~~ Object: (please provide your statement below)

object to certain elements regarding water usage
& potential pollution.

Reason: The family farm which my wife and I own & operate on the southern shores of Carcoar Dam would cease to be viable if the waters of Carcoar Dam were to be polluted/contaminated by toxic discharge from the Kings Plains mine. The Carcoar Dam is the major source of stock water & no other water is readily available. What are the guarantees that this pollution does not occur & what compensation would be available if it did?

I have/have not made any political donations in the last two years. (If yes please disclose)

Ken. McRae
