I write in support of the McPhillamys Mine
(SSD-9505).

Dear Sir/Madam

I would like to voice my support for the McPhillamys Gold mine near Blayney.

Blayney needs economic injection for the community. The town has closed shops everywhere. So many residence of Blayney have to travel to Orange or Bathurst for their work, as Blayney has nothing to offer.

I am a former resident of Blayney, who left the town as it went into decline with very little to offer.

I live in Orange and have watched Blayney decline even further. The main street is so empty and looking really dead.

The mine should pose no problem if the Government puts strict conditions on how it is to be operated and good environmental management. I see no reason to stop this mine going ahead.

Please withhold my name & address as it is a small community and not

everyone shares my views

Sincerely
