McPhillamys Gold Project
Application number SSD-9505

Support/object: (please provide your statement below)

Visual, noise/dust.

Increase volume traffic using Guyong Rd.

We also support this mining project as we feel the benefits outweigh the negatives and consider the township of Blayney will benefit.

Reason: Our home faces East towards mine site/land holdings. Unsure what effect this will have on our views and whether we will be impacted by noise/dust. Since moving to our property 17yrs ago we have noticed an increase in the volume of traffic and believe there will be a further increase once construction commences on mine site and feel ~~the~~ Guyong Road would need to be upgraded as it is a route for school buses and general traffic. Safety needs to be addressed.

I ~~have~~/have not made any political donations in the last two years. (If yes please disclose)
