Support/object: (please provide your statement below)

Reason:

- Mining is one of the only industries employing people in Australia - so many other industries are moving off shore.
- This would be good for our economy and create jobs here
- Australia needs local industries
- And mining companies like Regis are already supporting our Blayney community - this is especially important during the drought.

I have  not made any political donations in the last two years. (If yes please disclose)
