To whom it may concern,

I am writing regarding the Coffs Harbour Bypass plan (Application Number: SSI-7666).

I have recently viewed the distributed material on the published EIS for the bypass. I am very satisfied with the proposed plans & outcome of the environmental investigation.

I wish to emphasise my firm preference for a Construct-only tender, and NOT a Construct-and-Design tender. We have seen the betrayal of a C&D tender in Western Sydney. As such, to protect the rigorously-fought tunnels that have been included in the published plans, I request the Construct-only tender be the course of progression.

Regards,
M. Hannaford
