RW.

Dear Sir,

This letter is a submission regarding Snowy II.

In particular I wish to draw attention to rehabilitation following the works.

I am concerned at the Public being kept out of Lobs Hole / Ravine areas and suggest that the roads made by Snowy II should be kept intact. The number of trees and shrubs to be planted needs to be limited too. This will save time allowing the public to enter and money by not over planting.

Population is increasing and many National Park areas are experiencing locked gates and rough tracks.

We have loved the Ravine for many years and wish to return as soon as possible.

We have no objections to Snowy II itself.

Sincerely, Mrs Rolyn Wrenford
