Dear Director,

State Significant Development Application Number SSD-10300.
Coffs Harbour Cultural and Civic Space.

* I object to this proposal and desire and request that a public hearing be held. *

The reasons why I object to this proposal are:

1. It provides for unnecessary office space for Council and therefore fails to meet an objective of the B3 Commercial Core Zone to *'provide a suitable land use that serves the needs of the local and wider community'*.
2. It duplicates existing Council office space and thus falls short of the objective of the B3 Commercial Core Zone to *'encourage employment opportunities in accessible locations'*.
3. It conflicts with the streetscape in Gordon Street in that the proposed building is outside the context of this street having regard to the scale, existing street setbacks, design and general form of the adjoining buildings.
4. Inadequate parking internally and externally.
5. Congestion of travel modes to and from and within the vicinity of the development.
6. It is not in the public interest as it is not economically sustainable providing for unnecessary office space for Council staff and does not provide for the best and highest use of public land.

7. This application does not serve the needs of the local and wider community.
In the past two years I have not made any reportable political donations.

Yours sincerely,

Signature
