Dear Ms Anderson

Bulga Optimisation Project (SSD-4960) MOD 3 and Bulga Underground (DA 376-8-2003) MOD 7

I refer to your email dated 30 September 2019 inviting Subsidence Advisory to provide comment on the Modification Application and Statement of Environmental Effects (SEE) for the Bulga Coal Optimisation Project (SSD-4960) MOD 3 and the Bulga Underground Operations Project (DA 376-8-2003) MOD 7.

Subsidence Advisory understands the proposed modification involves changes to the open cut operations and surface infrastructure. In the Statement of Environmental Effects, Bulga Coal identifies any development within a Mine Subsidence District requires Subsidence Advisory NSW approval. As such, no further comment is considered necessary.

Please contact me on (02) 4677 1967 or at matthew.montgomery@customerservice.nsw.gov.au if you have any questions or wish to discuss.

Yours sincerely

Matthew Montgomery
