I Kirrily Knobel do declare that I have not made any political donations in the past 5 years.

I oppose the Jindera Solar Farm SSD-9549 for the following reasons

- I own a block of land off Lindner Road purchased 16 years ago with the plan to build our forever home & worry about the devaluation, insurance implications & the noise & dust we will have to deal with.
- The loss of Prime agricultural land to an industrial look & use
- The emotional stress of this Solar Farm on me personally due to the non transparency throughout this whole process.
- The increased traffic worries me with the 2 access points on the Walla Walla Jindera Road as this road is all ready busy.
- I'm seriously worried about the insurance side of things as well

I'm happy to be contacted about this project
