Dear Sirs

I wish to make known my ideas and concerns regarding the Amended Redevelopment plans for Greenwich Hospital currently on exhibition by the proponent, HammondCare.

In particular I OBJECT to the following aspects:

- **SIZE, BULK AND SCALE OF THE MAIN HOSPITAL TOWER BUILDING** for the following reasons:

At several storeys high it would result in loss of light & physical aspect for many Greenwich residents; a positive result could be produced if the number of storeys could be reduced.

- **SERVICED SENIORS LIVING Apartment Blocks** for the following reasons:

Potential overcrowding/overshadowing.

- **AMENITY AND VISUAL IMPACTS ON RESIDENTS** for the following reasons:

Impact on residents in Greenwich in particular River Rds & Care Sts would be significant.

- **IMPACT ON BUSHLAND AND ENVIRONMENT OF THE DEVELOPMENT** for the following reasons:

Potential loss of trees & bushland on the <sup>original</sup> campus.

- **TRAFFIC AND SAFETY CONCERNS** for the following reasons:

Traffic slowing down &/or being diverted while building construction is in place.
