Subject: Submission: Sancrox Quarry Expansion

My name is Catherine Eggert and I am happy to have my name published. My address is 83 Capararos Rd, Frazers Creek 2446. I have made nil reportable political donations in the past two years.

I object to the expansion of Sancrox Quarry. A massive area of NSW is on fire right now and we should not be approving any developments at this time. The expansion of the quarry at Sancrox would require removal of valuable habitat for hollow dependent fauna and koalas and should not proceed. It should not even be assessed until after a detailed assessment is made of how much habitat has been lost and damaged by the fires in the region. We're going to need all the refugia we have got.
