Sir,

Re: Submission SSD/7293

I am a long time resident of Bushlands Drive Sancrox and understand that there is an approved quarry within the near vicinity of my property. With the exception of the quarry operators failure to comply with the conditions of the existing approval, I understand that the quarry is a fact of life.

My concern is based on the proposed huge extension of the quarry and the failure of the applicant to accurately fulfil the requirements of the EIS as presented. Not only does it not comply but it presents an inaccurate view of the facts.

The community needs to be fully informed of the impact of a development of this size. Only through the normal process of Council can this be achieved. The checks and balances through local knowledge must be in place.

Yours faithfully,
