Subject: Stratford mine

I, Along with many many others, object to the proposed Stratford Extension Project for the following reasons:

- 1/ 24hour mining operations will impose an intolerable noise burden over a very wide area.
- 2/ Noise impacts - residents already experience noise nuisance and expansion will make it worse.
- 3/ Health impacts arising from coal dust and diesel exhaust fumes.
- 4/ Mining so close to Stratford village.
- 5/ Lighting which is already a problem, will become worse with the expansion.
- 6/ Reduction in property values.

It is time to concentrate on renewable energy resources. Stop wrecking the planet for the sake of fast money. The damage you do will last much much longer than the money you make.

You are ruining lives. Some of the worst damage you do is invisible.
