**Subject:** RE: New Catherine Field Primary School (SSD 9477) - Sydney Water

**Follow Up Flag:** Follow up  
**Flag Status:** Completed

Dear Jasmine,

Thank you for submitting the above mentioned SSD to Sydney Water for review which proposes to construct a new primary school accommodating 1,012 students.

Sydney Water have reviewed the information supplied regarding this SSD and provide the following advice. We apologise for the delay in reply and we hope you take this advice into consideration:

Sydney Water has no objection to the proposal, however the following advice should also be taken into consideration:

**Water Servicing:**

- Water servicing is currently available to the site. Amplifications may be required.

**Wastewater Servicing:**

- Wastewater servicing is currently unavailable to this property.
- Extensions of Sydney Water assets will be required to service this property. Amplifications may also be required. Further details will be covered under the Section 73 stage.

It is recommended that the proponent engages a Water Servicing Coordinator and meetings are held between the proponent and Sydney Water to ensure that Sydney Water's requirements inform the design process.

If you require any further information, please contact the Growth Planning Team at [urbangrowth@sydneywater.com.au](mailto:urbangrowth@sydneywater.com.au).

Kind Regards,

Nicholas Geroulas
