Our reference: S13/0032

7 November 2014

**Attention:** Andrew Beattie

Dear Mr Beattie,

### Moorebank Intermodal Terminal Facility

Thank you for the Department's letter dated 3 October 2014 inviting comments from the New South Wales Rural Fire Service in relation to the planning proposal, state significant development application and environmental impact statement for the above proposed development.

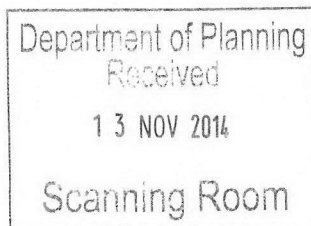

As noted in the previous rezoning consultation, the New South Wales Rural Fire Service advises that the aims and objectives of *Planning for Bush Fire Protection 2006* apply to the proposal.

With regard to the proposed concept plan(s), it appears that appropriate bush fire protection issues have been considered. The provision of appropriate asset protection zones will need to be considered in more detail at later stages, particularly in relation to proposed warehouse and other buildings in the south-east corner of the site.

If you have any queries regarding this advice, please contact Jason Maslen, Development Assessment and Planning Officer, on 1300 NSW RFS or [Jason.maslen@rfs.nsw.gov.au](mailto:Jason.maslen@rfs.nsw.gov.au).

Yours sincerely,

**Catherine Ryland**
