Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...

A more logical place would be at the badgery creek airport.

The space is there, future infrastructure which is compatible with import/ export is there. A train line is been built in what ch a freight line should also be built to support containers.

Less environment impact
Less residential impact

Yours sincerely,
Hugh Munoz
