**Subject:** SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...

Liverpool and Moorebank main roads will be strangled by ever increasing numbers of heavy vehicles.

All these truck movements will make our life style conditions unbearable with noise, dust, air pollution. We already have serious traffic problems in the district. Many of the trucks will be carrying demolition and recycling materials including asbestos hazards through our streets and neighbourhoods.

NO ONE CAN GUARANTEE THAT THERE WILL BE NO ASBESTOS!!!!!!

NO to container terminal or transport hub NO to concrete recycling plant NO to river pollution There are more suitable and appropriate locations for these industries.

Yours sincerely,

Alan and Maree HIGGINS
