I object to these modifications, on merit and on principle because it will destroy the life style and environment which I choose to live 20 years back. I bought a simple house at Holsworthy to live rest of my life here. I am working hard to pay off the mortgage with an aim to live in an environment which I had choose long back . I can not believe , before the dream come true to live and relax in a loan free home located the area I choose long back an unpopular project ,objected by so many people , not environment friendly is still in progress.As an individual this project will destroy my whole life dream to live in a noise free and clean air environment at my old age.

Yours sincerely,
