Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...the original Container Terminal under John Howard's Government was proposed for Eastern Creek with the area being much more isolated than the current proposal but was rejected by the Rudd/Gillard Government and changed to Moorebank. Our current Federal politicians need to wake up and push for this to be taken back to Eastern Creek.

With regard to the concrete recycling it is absolute lunacy for these proposals to continue in the middle of "suburbia" just look at the total number of newly constructed and under construction homes alongside this plant.

The bodies responsible for approving these projects need to have a good look at the many consequences for the South West and they should ALL be rejected outright.

Yours sincerely,
Dennis Errington
Hammondville, New South Wales, 2170, Australia
