I object to these modifications, on merit and on principle because...

It is against common sense and in total disregard for people living in South West Sydney. Those rich company and people behind them are not as smart as they think they are. It is not their personal money that are at stake so who cares, if this project fails. They still will live in theirs leafy suburbs.

I hope that someone can stop them before is to late and make them admit that putting something like this in the middle of the city it is plain stupid.

Yours sincerely,
