Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because the terminals should never have been approved for this area in the first place. It is the wrong place for so many reasons not the least being the congestion on our roads which are already clogged on a regular basis. The noise & air pollution and quality of life for all of the residents surrounding the area as well as the impact on the river and wildlife in the region.

Yours sincerely,
Christine Woloszuk
