Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because... I live here and I do not want to fight the traffic or trucks to get to my home.

This is a residential family area and it will be ruined by noise pollution and air quality will be significantly impacted!

This was not even in the equation when we bought our land 22 years ago .. why put it where it will impact so many families and lives?
