Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because the location simply doesn't make sense. Perhaps those that are making the decisions should come out and see for themselves the actual proximity of this development in relation to the residential areas surrounding it, rather than assessing it on a map and conceptual images.

The project in this location is a mistake and will be a huge waste of taxpayers money, and will hugely impact on the quality of life for residents in our community.

Yours sincerely,
Lauren Myers
