Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...you have had no regard for the people that live in this area. Pollution, more traffic on already packed motorways. Noise. Bit by bit this is being put through not only by the previous government but also by the current federal government. For once, think of the people who live here, who bought here years ago on the assumption we would have peaceful, healthy lifestyle living in this area. What gives you the right to do this without regard to the residents of this area. All involved should be very ashamed of yourselves.

Yours sincerely,
Greg Deeth
