Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because the conditions set by the Planning and Assessment Commission for the "original" application have not even been met, so how can these modifications be allowed?

This whole Moorebank Intermodal scheme looks like its going to be pushed through without any regard for due and proper process and without giving any meaningful consideration to the objections of the community that is going to be affected (patronising lip service doesn't count). Its a disgrace.

Yours sincerely,
L Shelley
