**To:** DPE CSE Information Planning Mailbox  
**Subject:** SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because firstly the people living around the proposed sites will suffer from health problems related to the pollution coming from the sites and pollution from the continuous stream of truck movements during building stages and thereafter.. Our roads are chaos already and all the added congestion will cause more hazardous conditions on the roads..The Georges River will become more polluted and all the proposed developments around the river will be gravely compromised.

Yours sincerely,  
Fran Ral  
Mount Pritchard, New South Wales, 2170, Australia
