**Subject:** SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...  
of the inconvenience & delay it will impose on residents when going to work , school, or any other destination going out of the area & back; as it is already heavy traffic around here even without the Intermodal works started yet. It can only get worst. There is also a very predictable health hazard to all of us living in this area because of all the fumes all these trucks coming & going would release into the atmosphere.

Yours sincerely,  
Sally Golbach
