I object to these modifications, on merit and on principle because of the increase in traffic that it will bring to an already overloaded road system. Our suburb and surrounding neighborhoods are exactly that: neighborhoods, where families live and children are being raised. It's a residential area and should not be crowded out by big business.

Not to mention the increased pollution brought by the increased traffic (especially large trucks) that will affect the health of everyone but particularly our children and elderly residents.

We don't want it and we don't need it!

Yours sincerely,
