**Subject:** SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because the location of the proposed intermodal is completely unsuitable.

The number of truck movements will add so much traffic to already congested local roads.

The decrease in air quality will dramatically affect the health of local residents. I am the mother of three small children, two of whom are asthmatics. This area already has poor air quality and the further increase in pollution that this development will bring is unacceptable.

Please, please stop using south west sydney as the dumping ground for unwanted and completely unsuitable development. It is unfair and unsustainable.

Yours sincerely,  
Melanie Heard
