Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...the M5 and surrounding road network WILL NOT support the extra truck movements.

i strongly believe and that estimated noise pollution is grossly underestimated and will not comply with NSW EPA regulations as per 2011236nswroadnoise policy, not to mention the obvious air pollution and reduction in air quality within the entire M5, southern areas.

This land has enormous potential for a business park without the pollution producing facility for which they are proposing.

Yours sincerely,
Steve Williams
Holsworthy, New South Wales, 2173, Australia
