Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because... the road that the trucks will be travelling on is already a busy and noisy road. My i have a partner and 2 children who have health issues and the dust and fumes that these trucks will bring will affect their health immensely.

My partner also does not drive and has to walk along this road to take our son to preschool which would make it even harder for her trips there and back.

Please reconsider and think of not only the environment but the people of this community who it affects.

Yours sincerely,
Jesse Saba
