Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because I am a long term resident of the area and my adult children have now returned to live and raise their own families in the area.

I want the area around the Georges river to be liveable and enjoyable for my family. We do not need more heavy traffic around residential areas or further adding to the heavy commuter traffic in the area. Rehabilitate the river, don't destroy it!

Yours sincerely,
