I object to these modifications, on merit and on principle because...

Traffic in the area is already congested not only that we moved in this area to have a good quality of life not be polluted with Trucks etc. This was never on the plans when we bought in this area. People's health and living will be effected! Disgusted that the government don't care about the people and the area is already congested with traffic . Build it where there are no homes around. There is plenty of land further away from where people live.

Very disappointed resident.

Yours sincerely,
