**Subject:** SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...

I am concerned about the health issues to local residents due to the processing of waste including asbestos at the terminal.

I am also concerned about the noise issues of the traffic from trucks 24 hours a day.

I am also concerned about the increase in traffic from the trucks and the constant pollution and risk of local children being in danger on the roads.

Not to mention the wear and tear of the local road surfaces from the high volume of trucks!

Yours sincerely,
