Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because of the increased large truck movements in my suburban location. There is already considerable large truck traffic, including semi-trailers, that clog up our streets. Building a crushing / demolition plant right by the Georges River is crazy when the area is best served by remaining a riverfront recreation and community development area. Let's have responsible community planning.

Yours sincerely,
Ann-Marie McLean
Holsworthy, New South Wales, 2173, Australia
