Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because it is unreasonable to inflict this type of modification upon residents. Months upon months of truck movements for unreasonable long hours creating noise, airborne pollution and traffic.

The apparent oversight by the proponent to include this work as part of the original submission is laughable. This is yet another piecemeal planning failure, designed to confuse the general public so that they lose the will to object!

Yours sincerely,
