Subject: SIMTA MODIFICATION – SSD 5066 [Early Works]

I object to these modifications, on merit and on principle because...

Ive known for a few months. The traffic is already bad. I already spend enough time away from my family at wk.or in traffic. I already have lung cancer in my family and the pollution is bad enough. This area is or at least was beautiful until works have started on govmac drive. I am raising a,young family here. Ive,lived here for 40years. Ive bought here. Had i.known at the time this quiet beautiful area would be trashed and,turned into this i wouldnt have committed myself to here. The truck terminal makes it loud enough. The airport makes it noisy. Why do we deserve even worse as residents.There are other places as alternatives that arent on residents doorsteps. I am just as important as other residents, mums and taxpayers in.every other suburb. My kids and their futures are important to me. Chipping Norton/Moorebank shouldnt be dumped with this.

Please.

Yours sincerely,
Michelle Zieba
