Hi Javier

Please find the following feedback from Narrandera Shire Council regarding the modification

- Traffic Movements - NSC has no objection to construction and operation traffic being concentrated via the western access and the road/intersections conditions for this access would remain priority to the Murrumbidgee Shire. However NSC does have concerns that not all traffic, especially operation traffic, will still be significant from the east. Therefore it is our belief that the original conditions should remain in relation to the eastern access.
- BESS changes – Council has no comment to make regarding the these changes.

Cheers

Bridey Hugo
