Dear Lauren,

**Re: Glendell Continued Operations Project SDD9349
& Mount Owen Continued Operations Project SSD5850 MOD4 :**

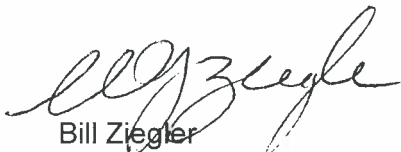

Dams Safety NSW has reviewed the combined Environmental Impact Statement for this proposal, as requested in your email of 10/12/2019.

The proposed northern extension of the Glendell open cut pit does not appear to overlap with Notification Areas around Dams Safety NSW declared dams.

Therefore Dams Safety NSW has no comment on the proposed mining.

If you have any further queries please do not hesitate to contact me on 9842 8077.

Yours Sincerely

Bill Ziegler
