IP Address: - 1.129.97.119

Reason for requesting key:
"RE: Crookwell 2 Wind Farm - MOD 2 AND Crookwell 3 Wind Farm"

I am a farmer just outside Goulburn.

The wind energy industry is vital to our community as it creates jobs as well as providing clean energy into the future.

It also provides farmers with a passive income that in difficult times can make the difference between farm business failure, or survival. Farm business can continue under the turbines unlike coal, which destroys a vast area of good farming land.

A lot of time has passed since these projects were first mooted and the technology has moved on considerably. The modifications to the development approval seem to make complete sense to me, and I sincerely hope they are approved.

The Crookwell 2&3 Wind Farm is a very important project to the financial future of the immediate and surrounding communities and should be supported by the NSW Dept of Planning and Environment in what ever way they can.

Yours Sincerely
Jane Suttle
