Dear Sir/Madam

Objection to the Culcairn Solar Farm – SSD-10288

Please accept my objection to the Culcairn Solar Farm SSD – 10288 for the following reasons:

I was brought up on a farm not far from the area in question and find the area to be valuable farming land for both crops and stock. In drier years the crops are cut for hay to feed stock & to send to areas of Australia suffering through droughts. There is a huge demand for the hay this year due to the all consuming bush fires. Australia needs solar panels but should not put them in areas which reduce valuable farming land. Australia also needs food!
