Culcairn Solar Farm SSD-10288

I have not made any reportable political donations in the previous two years

I object to the Culcairn Solar Farm.

I am a 5th generation farmer with strong agricultural ties to the region.

The land prices are very high in this region and land is so productive around here, why can't the development be placed on land that is less productive?

This will affect our contract bailing and contract sewing business in the district.

The visual impacts are concerning.

Pollution, fire and weeds are concerning.

I am worried about the impacts to people's health.

I am concerned about impacts to neighbours.
