Dear Sir/Madam,

**EXHIBITION OF MODIFICATION REQUEST OF VEOLIA WASTE TRANSFER TERMINAL  
322 PARRAMATTA ROAD, CLYDE**

Reference is made to the department's email dated 20 April 2017, regarding the abovementioned Application which was referred to Roads and Maritime Services (Roads and Maritime) for comment in accordance with the State Environmental Planning Policy (Infrastructure) 2007.

Roads and Maritime has reviewed the submitted modification request and notes the increase in waste input from 500ktpa to 600ktpa and notably the changes to access from Parramatta Road.

Roads and Maritime notes that the proposed changes to access on Parramatta Road will result in allowing trucks to turn right into the site off Parramatta Road. Roads and Maritime deems right turn movements of trucks at this location into the site unsafe. In this regard the development must comply with the original development consent which restricts access to the site in a left in and left out arrangement. In this regard, Roads and Maritime does not support the proposed modifications.

Should you have any further inquiries in relation to this matter, please do not hesitate to contact Hans Pilly Mootanah on telephone 8849 2076 or by email at [development.sydney@rms.nsw.gov.au](mailto:development.sydney@rms.nsw.gov.au)

Yours sincerely,
