Ian Flood

Environment Department

Wilpingjong Coal

To Mr Ian Flood

We are replying to the expansion of Wilpingjon Mine After reading the project books and discussing this with our directors we have these concerns. We don't agree with mining at all .Please read our concerns

Murong Gialinga Concerns

*The area where pit 8 will be if approved this area is a very cultural area for our people past and present we have great concerns on this area being destroyed,

*The beautiful country that will be destroyed most of the areas for the expansion is very Cultural, No amount of revegetation will make a difference. The loss of wildlife.

The noise of the mine how it affects the people of Wollar.

Why do they want to expand when the price of coal is so low? Have a look around Australia how many Coal Mines are closing.
