Dear Sir/Madam

**State Significant Project – Angus Place Mine Extension (SSD 5602 – Amendment Exhibition)**

I request that the Department of Planning, Industry and Environment (the DoPIE) recommend refusal of consent, as Centennial Coal has not modified the Angus Place mine extension proposal to adequately protect the significant features of this site: the endangered upland swamps, Wolgan River and Carne Creek, Birds Rock, the pagodas and cliffs as well as nationally endangered plants.

The amended Angus Place mine extension proposal should be subject to an Independent Planning Commission hearing, review and determination process.

Thank you for considering my comments

Yours sincerely
