Dear Ais

I would like to have my say about the
hook road on Old Mlawarra Rd Merai. I think the
hook road should be closed because it is very
dangerous when the four wheel drive come out of
there as I have nearly been hit by a four wheel
drive that came through there only that I was able
to stop but that nearly had someone up my back
If you open up the hook road it will slow
the traffic down on Old Mlawarra Rd as the
traffic will not be able to get out quick enough
to keep the flow on Old Mlawarra Rd moving, as
I think that Carter Rd, should be opened as the
best option.
