I have recently been employed by the bangala mine as an operator. This position has allowed me to stop working away from my wife and children. Being local to the area I am well aware of all the support bangala gives the community not only donations but also the people in it as far as economy ect.

The mt pleasant modification of the rail line is of great concern as it would halt production at bangala and put myself and 600 employees out of a job, thats 600 family's without an income. And not only the 600 family's imediantly effected but the countless number of smaller businesses around the area that rely on the bangala mining company for support.
