I do not object to the mine just the location of the rail loop as it will place my job at risk and therefore the ability to provide for my family will be at risk. I have been at Bengalla for [redacted] now and has provided a stable job for me to begin my family, if the loop is not moved it could mean the loss of some 600 jobs. The flow on effect this would cause to local buisnesses would be enormous. For the sake of all our families I can only hope reason will prevail.
